

Box Cycle Double wybone Recycling Bin

120L & 160L

The Box Cycle Double Recycling Bin offers a double unit to collect two different waste streams.

Part of

Egbert Taylor

Box Cycle Double Recycling Bin

The Wybone Box Cycle Double Recycling Bin is designed to collect two separate waste streams, available with a galvanised steel or plastic lid and base in a 120 or 160 litre capacity.

The transparent body encourages the correct use of the unit by making the waste stream visible. The plastic units with rounded corners are ideal for schools and the galvanised steel units are perfect for office use.

Features

- Choice of metal and/or plastic manufacture
- Lid 0.8mm hot dipped coated galvanised material to BSEN10327 grade DX51D+Z275
- 3mm high density polystyrene (HIPS) vacuum formed lid
- 1.2mm hot dipped coated galvanised base and body
- Electrostatically primed and powder coated
- Lift-off sack retaining lid

Options

- Body 1.2mm hot dipped coated galvanised material or 3mm transparent polycarbonate
- Choice of waste streams
- Optional vinyl artwork
- Choice of waste stream stickers

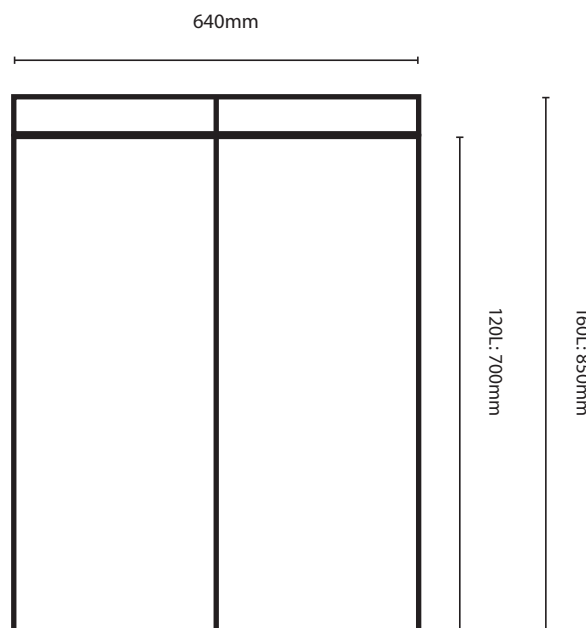

Warranty

- 1 year Parts & Labour Guarantee
- 10 year anti-perforation warranty and galvanised steel base warranty
