

## Access Control System

**Combat theft of textiles by retro fitting the secure nLok system which identifies and autonomously grants access to authorised collectors only.**

Control and manage 1000s of electronically secured textile banks from one central management platform.

- Highly secure, innovative authenticated and encrypted access control system. Many other security features built into the product
- Compatible with electrically operated locks
- System can be updated without needing onsite visits to banks
- Operates in poor signal areas, cellular phone system not required for banks to be opened
- All bank access centrally logged with smartphone user details, unauthorised access attempts recorded
- Automatically issued email and SMS alerts on key events to minimise management overhead monitoring the system
- Minimal Collector training required, no key or button pressing required by Collector just having the smartphone on them is enough. Only connecting the power pack to activate the electrical lock is required
- Fast fitting to existing banks, no external bolts required for installation
