

Food Waste

500L Food Waste & Food Waste Caddies

the name for **innovation.**

Taylor Food Waste Caddies

7 litre Kitchen and 23 litre Kerbside

Ideal for:

- Kerbside food waste collection service
- Commercial kitchens in conjunction with 500L bin
- Home composting schemes

The latest addition to the Taylor range, our food waste caddies are available in two sizes.

A light, yet durable 7 litre kitchen caddy, with ventable lid, large grip handle and lid lock. Uniquely shaped to accommodate a dinnerplate.

A larger 23 litre kerbside caddy offers extreme durability and quality with multiple handling points and a secure push button lid release.

Both are available in a range of colours and with bespoke hot foil stamp or vinyl logo options.

Key Features

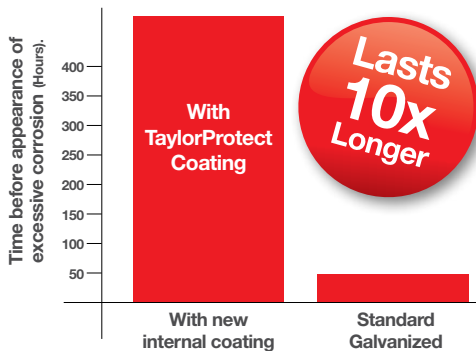

- Single handed operation lid locks
- Option of carbon filter on 7L caddy
- Internally rounded edges and gloss finish help prevent waste becoming trapped

500L Food Waste with TaylorProtect coating

Ideal for:

- Communal food waste collection projects
- Catering facilities
- Collection from high density housing
- Commercial premises
- Restaurants & Pubs
- Schools

*Tested to ASTM B117-07 and ISO 9227

The **500 litre food waste bin** boasts many unique features making it perfectly suited to food waste containment.

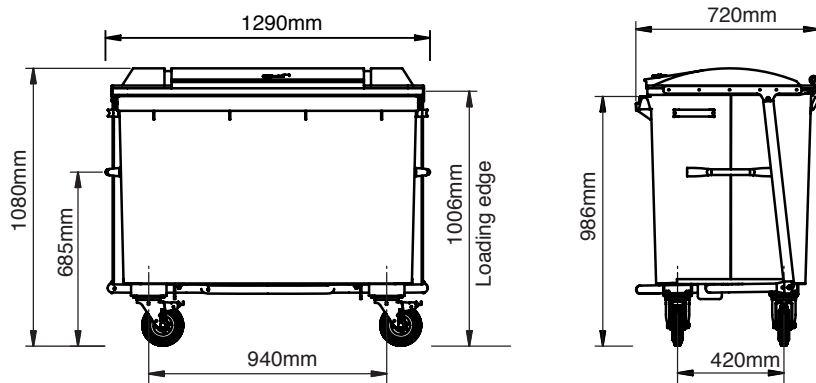

Optional hands free opening enables effortless transfer of waste into the bin from a smaller internal container and the **TaylorProtect** acid resistant internal coating provides resistance against the harsh effects of containing acidic food waste.

Key Features

- Large 500L capacity
- Fully internally welded seams and optional internal coating
- Foot operated lid
