

# Spares & Accessories

# Add extra lifetime value to your bin with Taylor spares and accessories

Taylor offers a complete range of spares and accessories to enhance the performance and versatility and maximise the life of your bins. Our wide variety of accessories enable you to adapt containers to your specific needs, from extra security to corporate logos.

Taylor's spares are available for all versions of Taylor bins and most other plastic and steel bins. Genuine Taylor parts ensure bins remain reliable and get the job done - as

effective after years of service as on the day they were first delivered. Taylor tests its spare parts way beyond minimum standards to destruction using the equipment in it's En840 test house, the only such facility in the UK.

All parts are certified to BS EN840 where appropriate, enabling your repairs to meet the HSE WISH guidance. All parts are manufactured under BS EN ISO 9001 quality control in a facility operating to BS EN ISO 14001 environmental standards.

All major items are held in stock and we offer a next day express delivery service for stock items ensuring that your bins are not out of action for longer than is absolutely necessary.

**Do you know which spares you want? If you're not sure or need replacement parts for other makes or older models of steel bins, our experts can help - call now on +44 (0) 01299 251 333**

# Castors

Our range of castors have been rigorously tested to comply with EN840 standards and to ensure they stand up to the stresses and strains of daily operational use; their steel centres and rubber-tyred wheels ensure the smooth running of your containers.

Our complete range includes standard swivel through to heavy duty towing castors and even includes non-marking, suitable for internal environments.

## 200mm Standard Braked Castor

CA200STBR/2

Standard 200mm braked castor, with steel housing and roller bearings (complete).

Suitable for:

Continental 1280
Continental 1100
Continental 820
Continental 770
Chamberlain 940
Chamberlain 720

## 200mm Standard Swivel Castor

CA200STSW/2

Standard 200mm swivel castor, with steel housing and roller bearings (complete).

Suitable for:

Continental 1280
Continental 1100
Continental 820
Continental 770
Chamberlain 940
Chamberlain 720

## 200mm Central Locking Braked Castor

CA200CLBR 3mm

200mm swivel central locking brake castor, with steel housing and roller bearings.

Suitable for:

Continental 1280
Continental 1100
Continental 770

## 200mm Standard Wheel Only

CA200STWH

Replacement standard wheel for standard 200mm castor housing.

Suitable for:

Continental 1280
Continental 1100
Continental 820
Continental 770
Chamberlain 940
Chamberlain 720

## 160mm Standard Braked Castor

CA160STBR/2

Standard 160mm brake castor with housing (complete).

Suitable for:

Continental 660
Continental 500
node°

## 160mm Standard Swivel Castor

CA160STSW/2

Standard 160mm swivel castor with housing (complete).

Suitable for:

Continental 660
Continental 500
node°

### 160mm Standard Wheel Only

CA160STWH

Replacement wheel for 160mm housing.

Suitable for:

Continental 660  
Continental 500  
node°

### 200mm Standard Braked Non-Marking

CA200STBRBG/2

200mm non marking, Blue/Grey swivel Brake castor (complete).

Suitable for:

Continental 1280  
Continental 1100  
Continental 820  
Continental 770

\*requiring a non marking castor

### 200mm Standard Fixed Non-Marking

CA200STFXBG/2

200mm non marking, Blue/Grey fixed castor (complete).

Suitable for:

Continental 1280  
Continental 1100  
Continental 820  
Continental 770

\*requiring a non marking castor

### 200mm Standard Swivel Non-Marking

CA200STSWBG/2

200mm non marking, Blue/Grey swivel castor (complete).

Suitable for:

Continental 1280  
Continental 1100  
Continental 820  
Continental 770

\*requiring a non marking castor

### 200mm Standard Wheel Non Marking

CA200STWHBG

Replacement non-marking wheel for the CA200ST housing.

Suitable for:

Continental 1280  
Continental 1100  
Continental 820  
Continental 770

\*requiring a non marking wheel

### 200mm Towing Braked

CA200TWBR/2

200mm Black tyred, braked castor (complete).

Used on:

Continental 1280  
Continental 1100  
Continental 820  
Continental 770

\*towing containers

### 200mm Towing Swivel

CA200TWSW/2

200mm Black tyred, swivel castor (complete).

Suitable for:

Continental 1280  
Continental 1100  
Continental 820  
Continental 770

\*towing containers

### 200mm Fixed

CA200TWFX/2

200mm Black tyred, fixed castor.

Suitable for:

Continental 1280  
Continental 1100  
Continental 820  
Continental 770

\*towing containers

### 200mm Towing Wheel

CA200TWWH

Replacement towing wheel for CA200TW housing.

Suitable for:

Continental 1280  
Continental 1100  
Continental 820  
Continental 770

\*towing containers

### 200mm Towing Braked Non-Marking

CA200TWBRBG/2

200mm non-marking Blue/Grey, towing braked castor (complete).

Suitable for:

Continental 1280

Continental 1100

Continental 820

Continental 770

\*towing containers requiring a non-marking castor

### 200mm Towing Swivel Non-Marking

CA200TWSWBG/2

200mm non-marking Blue/Grey towing swivel castor (complete).

Suitable for:

Continental 1280

Continental 1100

Continental 820

Continental 770

\*towing containers requiring a non-marking castor

### 200mm Towing Fixed Non-Marking

CA200TWFXBG/2

200mm non-marking, Blue/Grey fixed towing castor.

Suitable for:

Continental 1280

Continental 1100

Continental 820

Continental 770

\*towing containers requiring a non-marking castor

### 200mm Towing Wheel Non-Marking

CA200TWWHBG

200mm replacement Blue/Grey wheel for towing non marking housing.

Suitable for:

Continental 1280

Continental 1100

Continental 820

Continental 770

\*towing containers requiring a non-marking wheel

### 240/360 Wheel

S0109

Replacement wheels for plastic domestic 240/360 ltr 2 wheeled containers. Axle sold separately. Part No. S0108

Suitable for:

2 Wheeled 360

2 Wheeled 240

### 240/360 Axle Bar

S0108

Replacement 552mm axle for 240/360 ltr, 2 wheeled bin.

Suitable for:

2 Wheeled 360

2 Wheeled 240

# Castor accessories

All our castor accessories are compatible with the Taylor range of Castors and Containers and are held in stock. Key items from our range are illustrated below, but should you require any items that you don't see or for advice regarding fitting compatibility with older Taylor models or other makes of steel container then please call us on the number below.

## Central Locking Assembly Kit CLK01/CLK02

Central locking kit includes all parts to work with CA200CLBR CLK01-(Mk2&3 1100)- CLK02 -1280.

Suitable for:

Continental 1280

Continental 1100

## Castor Fixing Kit - Standard CAFKS

Comprising 4 M10x20 nuts and bolts

If you have towing Container please order. CAFKT

Suitable for:

All standard containers

## Directional Lock CADL04

Kit comprises of 1 x Stainless steel directional lock for towing castors with 2 nuts and bolts.

Suitable for:

For containers requiring directional locks

# Towing

Taylor's unique removable link system for the Continental containers provides a safe, practical answer to all towing requirements. Taylor recommends that any container which is to be towed should be fitted with two fixed castors or two swivel castors complete with directional locks, at one end of the container and that no more than four containers are towed at any one time. Please ask us if you need more information on "Towing Guidelines" or technical advice.

## Tow Link - Bin To Bin S0022

This link connects the containers together and can be used to limit the number of containers which can be towed at one time to meet safety requirements.

Suitable for:

For use with towing containers only

## Tow Link - Bin To Tug S0023

This link connects the lead container to the towing vehicle, generally only one bin to tug link is required per vehicle.

Suitable for:

For use with towing containers only

## Tow Bracket S0024 - HD

Tow Bracket used for conventional towing containers that use tow links.

Suitable for:

For use with towing containers only

## Tow Eye S0025

Tow eye used for conventional towing containers that use tow links.

Suitable for:

For use with towing containers only

## Tow Kit - Removable Link S0063

Tow Eye & Bracket, Back Plate & Fixings.

Suitable for:

For use with towing containers only

# Lids

Taylor's range of robust double skinned, rotary moulded plastic lids are available in a wide variety of colours to suit your requirements. So whether you want your containers to stand out or blend in with their environment we have a lid colour to suit. From Standard Black Trade Lids to Orange Flap recycling lids we've got it covered, including lids for other types and models of container which are not shown here, such as the specialist steel lid.

# Taylor services

## Taylor on-site repairs

Get your bins quickly back in action with Taylor On-site nationwide repairs. Containers with minor damage will be repaired on the spot efficiently and cost-effectively, either at your site or customer's premises.

Taylor's nationwide network of on-site services engineers drive specially fitted out vehicles containing a host of genuine Taylor parts to repair up to 200 containers without restocking. All Taylor On-Site Engineers operate to our ISO:9001 management and ISO:14001 environmental systems.

Save money and avoid having to your staff away from their core work by using a Taylor Engineer to do the repairs.

## Taylor Rebuild Service

As well as being a health and safety risk, damaged and visually degraded bins discourage public use as well as giving a poor corporate image.

For cost effective bin fleet management, Taylor's Refurbishment service will increase the life of your steel bins and make your investment stretch further. We operate the UK's largest bin refurbishment facility capable of processing 40,000 bins per annum

Our wide range of paint and lid colours along with our custom graphic logo options means that your containers can be rebuilt as good as new. What's more we can change their function to suit your need; from general waste to recycling or from segregated to co-mingled recycling.

Taylor rebuild is compliant with BS EN ISO 9001 quality control and BS EN ISO 14001 environmental management. Taylor is actively involved with the HSE's Waste Industry Safety and Health (WISH) Forum ensuring that our service meets with the latest requirements of the European standards for waste containers.

## Paladin Replacement Service

Taylor Services can swap your old Paladin bins for Taylor Chamberlain bins, and take your old bins away for certified scrapping.

# How to order

## How to Order

You can order Taylor Spares and Accessories by:

- telephone 01299 251 333 (credit card only)
- web [www.taylorbins.co.uk](http://www.taylorbins.co.uk)
- email [spares@taylorbins.co.uk](mailto:spares@taylorbins.co.uk) with an official Purchase Order

## Need Help?

If you need help to identify the spares appropriate to your bins then please call us on 01299 251 333 and we will be pleased to help you. Our range of spares covers all versions of Taylor bins and most other steel bins.

## Delivery

In-stock items will be despatched the same day for orders received by 2.00pm.  
For non-stock items we will advise the delivery date within 24 hours of ordering.

We offer two delivery options:

- Standard delivery 2-3 days after ordering;
- Premium next day delivery to minimise down-time and keep your bins earning money.
