Egbert Taylor

Cut Corner Wheelie Bin Surround 240L

The Wybone Cut Corner Wheelie Bin Surround is manufactured from premium quality galvanised steel and is available in a choice of colours. These bin housings provide a great way to hide unsightly wheelie bins as well as increase the volume of litter collection in busy areas whilst reducing the need for many litter bins.

Large apertures to each side of the unit maximise the 240 litre capacity and enables collection of bulky items and internal deflectors ensure that these are directed into the awaiting wheelie bin.

Wheelie bin not included.

Features

- 2mm hot dipped coated galvanised material
- Outstanding corrosion resistance and rust protection
- Hot dipped galvanised thick laser cut base plate with holes for ground fixing
- Electrostatically primed and powder coated surfaces
- Self locking door using stainless steel grade 316 slam lock, fixed with high tensile anti-tamper torx bolts
- Single hinged door using concealed full length large diameter stainless steel rod pivot hinge with frictionless bushes to the top and bottom
