

Contour Bin

wybone

112L

The Contour Litter Bin offers a combination of galvanised steel and Iroko hardwood with a 112 litre capacity.

Part of

Egbert Taylor

Contour Bin 112L

The Wybone Contour Litter Bin is manufactured from premium quality galvanised steel and features decorative hardwood panels to the front. The 112 litre capacity bin has a unique emptying system that operates on a linear bearing system attached to the door, making it convenient and easy to empty.

The linear bearing system allows the liner to be pulled out using the front opening door. The heavy duty runners ensure no leaning of the bin when the drawer is pulled out, making it easy and convenient to empty.

Features

- 1.2mm Hot dipped coated galvanised material to BSEN10327 grade DX51D+Z275
- 5mm Steel framework
- Corrosion resistant Laser cut base plate with 4x M12 holes for ground fixing
- Electrostatically primed and powder coated surfaces
- Self locking door using stainless steel grade 316 slam lock fitted with high tensile anti-tamper torx bolts
- Heavy duty linear bearing system to aid emptying
- Sack retention frame

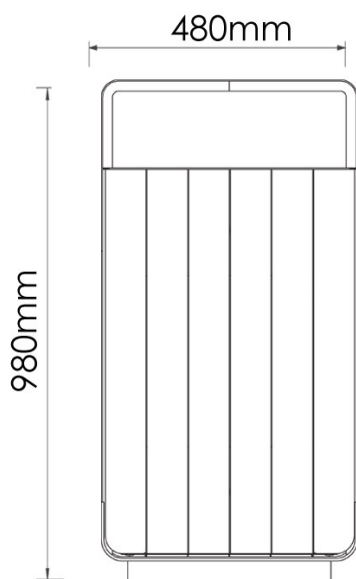

Options

- Variety of RAL powder coating colours
- Natural, light or dark oak hardwood panels
- Optional artwork fitted on perspex plates if required
